Kirkwood are claiming the tie Vs CCC (Thursday at Heaton) which was called off by the University at noon but they did not receive the message until after 4pm, in contravention of the implications of Law 6.1. Kirkwood arrived at the ground. CCC officials apparently did not receive the message from the University promptly themselves but then relied on email to Kirkwood rather than firm contact by telephone. **Pending Management Committee further investigations and decision.** *In any case this is a warning for all that firm two way contact is required when confirming or cancelling games.*
